Introducing the Hisense HM518 Rugged Tablet POS System!

Rugged and lightweight Point-of-Sale (POS) system for harsh environments

Run your retail or hospitality business more efficiently with a stylish, reliable and space-saving Hisense HM518 Rugged Tablet POS. It has a Windows® operating system and is equipped with an optional, built-in Magnetic Stripe Reader (MSR), Near Field Communication (NFC) & Smart Card reader.

The 10.1 inch, bezel-free and wide screen display provides an optimal viewing experience so that you won’t miss a beat while doing business. The display is also designed with Projected Capacitive (PCAP) touch technology that helps to extend the operating life and allow multi-touch gesture control. You can also use the wide range of ports to connect peripheral devices in the docking station.

If performance is a concern for you, then the Hisense HM518 Rugged Tablet POS is a must-have for your business. It’s also faster and easier to update then a fixed-line (traditional) POS.
