Titan S
Touch Screen POS System

New styling and compact, multi-function EPoS terminal, fitted with the Intel Celeron processors combining speed with efficiency.

The Sam4s Titan S Series offers vibrant & precise 15” projected capacitive multi-touch display and is extremely durable in most environments including withstanding water contact, dust & grease (IP55 Rated).

The Sam4s projected (PET) will activate with either a bare finger or a capacitive stylus preventing users from using pens, credit cards or sharp objects which potentially would reduce the life expectancy of resistive touch panels. In addition the screen has a more vivid & crisp colour enhancing the quality of the POS user interface.

Incorporating the latest Intel Celeron fanless processors’ combines speed and efficiency along with quiet operation the Sam4s Titan EPoS terminal is one of the fastest & quietest PC POS terminals in its class. Coupled with its on board 64GB SSD, ensures that the solid state drive remains dust free & ingress free, ideal for harsh retail & hospitality environments.

With its spill proof multi-touch bezel less display, ergonomic design and innovative base, the Sam4s Titan S is one of the most stylish and aesthetically pleasing point of sale terminals in its class. With either traditional stand or VESA options for wall & pole mount provides greater flexibility of installation.

The Sam4s Titan S Touch screen is supplied with an external power adaptor for ease of replacement. A reliable & accessible system the Sam4s Titan PC POS terminal has many added benefits making it excellent value for money & a great investment as your POS equipment.

Key Features:
- Industrial Quality LED Display 15" True Waterproof Flat Front Panel.
- Intel Core i3 i5 i7 (New TDP x 2) Projected Capacitive Touch Technology Supports Multi-Touch.
- Intel Celeron N2807 Dual Core (1.7GHz) & N3160 Quad Core (2.2GHz) Fanless DDR3L 1.5V 2GB Memory up to 6GB, SATA II 2.5" 64GB SSD.
- 1 x 10/100/1000 Mbps LAN.
- Easy Access Design Provides Easy Installation & Maintenance.
- External Power Adaptor.

Options Including:
- Small Footprint.
- VESA Wall or Pole Mountable.
- Windows POSReady 7 Option Windows 10 Enterprise.
